

Tech Teen Volunteer Application

WELCOME!

Welcome to the library! Thank you so much for considering volunteering your time here. Volunteering at the library can be a really fun and rewarding experience, whether you want to work with the public or behind the scenes. **You are expected to fill out your application; a parental signature is required for applicants under 18 years of age. Please print this application, sign it, have your parent/guardian sign it, and then return it to the Library.**

In addition to your application, there will be an interview process that will help determine if you are a match for the library. There are a limited number of positions available, so you are advised that you are expected to treat a commitment to a position here with the same respect you would afford to a job.

Super important stuff to know:

- Volunteers must be 13 years old or older.
- Weekly shifts require at least a semester long commitment.
- **The Friends of the Library offer a chance to apply for scholarships to graduating teen volunteers.**
